

## Let's make our vote unanimous for Hughes, Lamm and Dickey

### Democrats Facing Defeat Plan Desperate Measures To Frighten Negro Voters From Polls Next Tuesday

### Intimidation To Be Tried In All Northern States. Party Sees Wilson's Doom Unless Negro is Barred

### Negroes See Victory in Missouri For Hughes, Lamm and Dickey if Negro Voters Cast Solid Vote For Republican Candidates.

"A bold attempt to disfranchise Negro voters in the North as well as in the South is the latest scheme of the Wilson campaign managers. It is a plain game of intimidation, and it shows the lengths to which the Democratic managers are willing to go in this campaign. The confidence they have displayed in planning and executing some of their schemes—without interference from Democratic district attorneys—is paralleled only by the confidence with which city crooks go about their business under the sure protection of corrupt police.

The above statement was issued by William R. Wilcox, chairman of the Republican National Committee. The statement continues as follows:

#### NEGROES UNANIMOUS AGAINST WILSON.

"The Negro voters of the United States are practically unanimous in their opposition to President Wilson. The Democratic campaign managers

legations of activity by the Department of Justice and the appointment of special attorneys general to investigate and prosecute colonizers.

"The Democrats know that there are no such colonies. They know that the movement of Negroes from some of the southern states, on which they relied to give some color of credibility to their reckless charge, was a genuine effort to secure more labor for Northern concerns. They know that it was fostered and encouraged by the Democratic Bureau of Employment in the Department of Labor, before the Democratic managers saw a political opportunity in it.

#### DEMOCRATS CIRCULATE FALSEHOOD.

"But relying upon the probability that the general public would be ignorant of the fact, the unscrupulous Democratic managers spread their calculated falsehood. It was important to them to get this charge of

voting, or at least to make it so difficult for them that many thousands will lose their votes.

"But the scheme won't work. The Republican managers will take steps to meet it wherever the Democrats attempt to put it into execution.

NEGRO REPUBLICAN LEADERS EXPECT TO CARRY STATE FOR HUGHES, LAMM AND DICKEY. STATE CHAIRMAN C. G. WILLIAMS SEES VICTORY IN MISSOURI.

"Charles G. Williams, of Boonville, Mo., chairman of the Auxiliary Republican State Committee, does not fear Democratic intimidation of Negro voters in Missouri. When seen at the headquarters of the committee, in the International Life Building, in St. Louis, although overwhelmed by the activities of the strenuous campaign, he took time to express his opinion on the political situation in Missouri, formed from the reports received from an army of trained workers, scattered over all parts of the state.

Mr. Williams said in part: "Reports from all over Missouri indicate that the present campaign has been the most stubborn political battle in the history of the state. But we have had the aid and co-operation of the ablest and most experienced Negro orators and political workers in the state, who have worked conscientiously and efficiently for the Republican cause, and the results have been highly satisfactory.

"The Negro voters have been reached and thoroughly aroused and organized and several thousand more Negro voters will be brought to the polls to cast their ballots for the candidates of the Republican party than have ever before voted at an election in Missouri.

"Our campaign speakers and organizers have been greeted everywhere with greater and more enthusiastic crowds than in any former campaign. Every nook and corner of the state has been reached and the Negro voters everywhere are eager to cast a vote to register a protest against the actions of the Wilson administration, and while I do not predict a landslide, I feel perfectly safe in forecasting the election of the entire Republican ticket in Missouri."

#### DABNEY PREDICTS ELECTION OF HUGHES, LAMM AND DICKEY.

Fred W. Dabney, head of the organization department of the Auxiliary State Republican Committee said: "I look for a larger and more enthusiastic support of the Republican candidates by the Negro voters in Missouri next Tuesday, because of the attitude of the national administration and the open hostility of Senator Reed, of Missouri, who allied himself with such Negro-haters as Senators Tillman and Vardaman, in opposing the rights of the Negro race in the 63rd Congress.

"The little handful of Negroes, who for selfish reasons, are advocating a division of the Negro vote, are not meeting with any success at the hands of the rank and file of our people. There is no question of political expediency in a division of our vote as long as the Democratic party of the nation is dominated by the Democrats of the South.

"The events of the last four years have served to convince the Negroes of this and as a result, not only in the state of Missouri, but throughout the nation, Negroes who gave their vote for Wilson four years ago, are now working like Trojans for the election of Hughes, and I believe I am justified in predicting that Missouri will send Walter S. Dickey to the United States Senate and will elect Judge Henry Lamm to the governorship of Missouri by the largest majority ever given any candidate on a state ticket in recent years."

#### CHARLES E. HUGHES DAY.

Mrs. Ida Wells-Barnett, the famous lecturer of Chicago, Ill., will speak at Second Baptist Church on "Civic Righteousness" Sunday morning at 11 o'clock.

Prominent citizens will be present.

All voters invited.

#### PLAN TO CHALLENGE NEGRO VOTERS.

"They plan to challenge every Negro voter who goes to the polls and offers to vote. It is by this species of intimidation that they plan to frighten a good many Negroes out of

#### CREWS PREDICTS VICTORY.

The Editor is closing the campaign this week with some rousing meetings. Monday he spoke to 800 people in the Opera House at Louisiana, Mo.; Wednesday to a monster meeting of 2,000 at Springfield; Thursday in St. Louis to a crowd estimated at 6,000, and Friday in the Coliseum at Chicago, where the last Republican National Convention was held, to 12,000 people, and will speak again on the South Side in Chicago tonight. He will close with an address at Carrollton, Mo., Monday night. He says Hughes, Lamm and Dickey will sweep Missouri.

#### There will be one of the Grandest Mask Entertainments of the season given under the auspices of the K. D. T. at Lyric Hall, Friday night, November 10. Admission, 25 cts.

### Words of Warning To Negro Voters

### Negro is on Trial— Take No Chances

### Vote Right, Vote Straight, Don't Scratch—Vote the Straight Re- publican Ticket—Vote for Hughes, Lamm and Dickey— Vote Against Wilson and Dis- franchisement.

"Lest we forget, remember yet": The Republican party is the ship of state. The Democratic party is the sea. Democrats would destroy your rights. Republicans made you free.

"Lest we forget, remember yet": The Republican party gave you the ballot, and has helped you to improve your condition for fifty years. The Democratic party has disfranchised you in eleven states, and for fifty years has Jim-Crowed you, lynched you and burned you at the stake.

"Lest we forget, remember yet": There are no "Jim Crow" laws on the statute books of any Republican state. All of the "Jim Crow" states are Democratic states.

"Lest we forget, remember yet": The South is in the saddle at Washington, to undo the work accomplished by the Civil War, and if you aid in putting them back, you will be untrue to yourself and betray your friends, from whom you can expect nothing in the future.

"Lest we forget, remember yet": President Wilson started the segregation movement against the Negroes, which is now sweeping over this country. He started it in Washington as soon as he was inaugurated four years ago.

"Lest we forget, remember yet": Senator Jim Reed voted to repeal the Fifteenth Amendment of the Constitution of the United States, which gives you the right to vote. Vote for Dickey.

"Lest we forget, remember yet": President Wilson fooled thousands of people into voting for him four years ago, by false promises, but he can't fool anybody this time. He has deceived everybody and pleased nobody, by his hypocritical pretenses.

"Lest we forget, remember yet": Senator Jim Reed is the arch enemy of the Negro race in the United States Senate, and ought to be defeated, by electing Walter S. Dickey to fill his place. Mr. Dickey will be a credit to the state of Missouri in the United States Senate and will not assault the rights of any group of citizens of the state, but will represent every citizen of Missouri, honorably and creditably.

"Lest we forget, remember yet": The Negro vote is the balance of power in Missouri, and every Negro should rally to the Republican ticket this year and aid in returning the Republican party to power in the state and in the nation.

"Lest we forget, remember yet": Vote for Hughes, Lamm and Dickey, and defeat the Democrats, who have given the country the worst four years of mis-rule the country has ever witnessed.

"Lest we forget, remember yet": The Negroes of the country should rise as one man to cast their votes in protest against the abuse of power that placed the government into the hands of those who sought fifty years ago to assassinate it and continue the damnable institution of slavery.

"Lest we forget, remember yet": Go boldly to the polls next Tuesday, and cast your ballot and insist on having it counted and fear no man who tries to intimidate you in the exercise of your manhood rights.

"Lest we forget, remember yet": The Democratic party seeks to disfranchise you at this election, by intimidating you at the polls. Be fearless in the discharge of the highest duty of an American citizen. Stand up for your rights. No citizen of the United States can afford to be a coward. Don't be too proud to fight for your rights.

#### SECOND BAPTIST CHURCH.

The services all day last Sunday were well attended.

The pastor, Dr. Bacote, preached a grand sermon to an appreciative congregation in the morning services. The ankle excursion which was conducted by the B. Y. P. U.'s last Monday evening was quite a success.

In the evening services Rev. Sanford of California preached a fine sermon, after which Brother H. P. Ewing made a good talk in the interest of Negro business enterprises.

There were six additions to the church.

Montrose Hall, 2811 Monroe, returned home from New York recently, but continues very ill and would be pleased to see his many friends.

#### HOLDEN, MO.

By Chas. Pratt.

A great Republican speaking at the Republican Club meeting by Mr. Givens of Sedalia Tuesday night, followed by L. O. Holliday and Mr. Dorman of St. Louis, who made splendid talks and we feel much good has been made by these talks. The meeting closed by R. W. Sims who made a splendid talk. The funeral of our brother, Clarence Coates, of Odessa, Mo., was attended by a number of Holden folks who went to pay their last respects. He was a Master Mason. We regret to say that Mr. and Mrs. Sherman Brown were called to Wellington, Mo., on account of the death of the latter's aunt, Mrs. Laura Walden. The Republican Club had three noted speakers: Mr. Halsey, Mr. O. G. Bolsane and our own Rev. J. D. Evans, who all insisted that everybody vote the straight Republican ticket. Mr. Arthur Harden and Mr. Edward Harden, both of Kansas City, spent Saturday and Sunday with their brother Mr. Geo. Harden of Blackwater. Mr. and Mrs. Arb King were called to Richmond, Mo., last Sunday on account of the death of his father, Mr. King. We the people of Holden extend sympathy to the ones whom God has summoned in their family. Mr. Wm. Jacobs was the guest of Miss Rose Davis Saturday and Sunday at Warrensburg, Mo.

#### LINCOLN, NEB.

By W. W. Mosley.

Mr. and Mrs. Lon B. Thomas entertained Blind Boone at dinner last Sunday. Mr. Lon Thomas and Boone are old friends and their greeting was quite cordial. Mrs. Melvin White entertained friends last Sunday in honor of the Boone Concert Company. Paul L. Moore, who was a victim of a collision with an auto Saturday, is improving. Mr. Moore ran into an automobile while riding his bicycle, being thrown to the pavement and receiving several cuts which caused his confinement several days. John W. Boone (better known as Blind Boone) and his company played to an overwhelmed audience at Mt. Zion Baptist Church last Wednesday night. Boone has played here a number of times in the past, but at no time has he rendered a better entertainment. Boone was in his usual mood of jollification, seemingly improving as he grows in age, speaking words of encouragement and scattering sunshine everywhere for his race. The two girls' voices were in excellent shape, doing their parts admirably. Mr. Boone met with many of his friends here both colored and white, and remarked as being immensely glad he visited Lincoln, Neb. The forum at Mt. Zion Baptist Church on Friday nights are beginning to be interesting. A company of young people gave a Hal-lo-wen party in Masonic Hall Monday night. The brass band gave a concert and masked entertainment Tuesday evening at Masonic Hall. There was a large attendance. Covenant and communion services at Mt. Zion next Sunday. Tuesday, November 7, is election day.

#### LINCOLN HIGH SCHOOL.

The Lincoln High School has been host to many visitors among whom were Hon. Wm. H. Harrison, Mr. Moore, secretary in boys' work of the Y. M. C. A., and Prof. Scarborough, of Wabash University.

Last Friday afternoon the Juniors gave their first rhetorical exercise which was very good. This was the second of a series of rhetorical which the Seniors and Juniors will give throughout the year to prepare them for public appearance.

The Thrift Club, which had its beginning on October 16, is proving quite a help to those children who have taken out accounts. We are hoping that each child in the school will become interested enough to begin saving their smallest amount.

The Prohibition "Theorists" claim "temperance" which means moderation—Prohibition means nothing at all. One opposes the other.

#### PASEO C. M. E. CHURCH.

The Closing Services for the Conference Year.

Next Sunday, November 5, will be the closing of five very successful years' pastorate of Rev. J. R. McClain at the Paseo C. M. E. church. At 3 p. m. Dr. T. H. Ewing of the Vine Street Baptist church will preach for us. All of our friends are invited to be with us at one of our services. Our pastor, Rev. McClain, will preach his closing sermon next Sunday night.

W. H. NICKENS, Secretary.  
J. R. McCLAIN, Pastor.

#### VINE STREET BAPTIST CHURCH.

All services were well attended Sunday. Two additions to the church. All of the sick are reported better at this writing. Come to Sunday school next Sunday. You will be entertained with songs, papers, recitations and a nice program. The B. Y. P. U. is doing nicely. The Women's Mission Sewing Club was royally entertained last Thursday afternoon by Mrs. Catherine Gibson with a hallowe'en luncheon, for which the club is very thankful. The club will be entertained next by Mrs. Jennie Graham, 923 Carrington avenue, November 9. Every person is invited.

REV. J. W. HURSE,  
An Enthusiastic Worker for the G. O. P.

Oklahoma City, Oklahoma.  
Directed Especially to Negro Voters:  
Among the utterances of our sainted and immortal Frederick Douglass is this one: "The Republican party is the ship and all else is the sea." The conduct of the affairs of this Nation from time to time of that utterance until this good hour has proven over and over again the wisdom of that statement, and especially has it been true with reference to the American Negro. It might be added with equal

burning on the altars of sacrifice and service. Accordingly the Jew was chosen to keep the lights burning on the sacred altars until the Greater Light—Jesus Christ Himself—should appear and dispel all doubt, and although the Jew—the chosen Jew—at times wandered and became heedless of some parts of the covenant and the Law, he was still the chosen vessel and did keep the lights burning on the altars of service and sacrifice until the advent of That Greater Light.

Taking all things into consideration from the very Genesis of the Great Political Parties of this Nation until this good hour it clearly appears that the Republican Party has been entrusted by a Divine Providence with the lives, liberties, immunities, privileges, properties, prosperity and happiness of the people of this Nation; all of the people of this Nation. And although the Party has at times forgotten some parts of the Law as it pertains to all of the people, it still is the custodian of the people's rights, liberties, etc., and is now—like repentant Israel—coming back to the landmarks of progress, prosperity, liberties, immunities, privileges, and all constitutional rights of all of the citizens of this great commonwealth, the One Party of the whole Federal Constitution and all the Amendments thereto.

"Beware of The Greeks, even though they come bearing gifts," and "trust not in a wooden horse" were statements uttered just prior to the siege of Ancient Troy, and the student of history knows that if those admonitions had been heeded Eneas would not have had to bear Father Anchises on his shoulders from the burning and Falling Walls of Troy.

"And Jacob said: 'Sell Me This Day Thy Birthright,' and 'Esau Sold His Birthright unto Jacob.' Every American Citizen of whatever color Continued to page 8.

truthfulness that the conduct of our National and local affairs both by the Republican and Democratic parties has proven the wisdom of that utterance as applied to the citizenship of this entire Nation.

It is clearly the cosmic scheme that men are Jehovah's chosen instruments to carry out the plan of redemption and to keep the light of eternal truth
